
INTRODUCING THE NEW MAGNUS HEALTH MOBILE APP

Whether you're submitting daily assessments or just uploading health forms for your children twice a year, it's a breeze using our new Magnus Health app!

It's easy to get started, for new or existing mobile app users. Just visit the Apple or Google Play store and download the brand-new app entitled "Magnus Health" when you're ready!

> I like being able to access both accounts with one sign-in and LOVE the "to do" tab!
> **- Parent User**

> "The new app is very easy to navigate & user-friendly and I like the simple, straightforward and clean layout."
> **-School Nurse**

Easy to Use

The new mobile app is much easier to use, with time-saving features such as personalized to-do screens and reminders.

Seamless Transition

Log into the new app easily with your existing credentials. And you still have access to the old app through the end of this school year.

Toggle Between Different Accounts

Toggle between different account types, for example between school admin and parent accounts, and you can easily access accounts for all your children across different schools.

Upload Documents Easily

Upload files, images, and photos with a just a few simple clicks.
